Thursday, December 5

from 9 am to 11 am (no admission charge)

Enterprise Zone Tax Preparers Seminar

The Coachella Valley Enterprise Zone has saved business owners over \$50 million. But only 30% of eligible companies are using their benefits. That means that some of your clients are in for some big savings. You can even recapture savings from past years. And it's easy! One simple piece of paperwork - no red tape. Get all the facts at this free seminar. Speakers include representatives from California Technology Trade & Commerce, the Enterprise Zone and local business owners and accountants who are using the program.

The seminar is on Thursday, December 5, from 9 to 11 am at the Zone office. Continental breakfast will be served. Please RSVP to 760-391-5176. Give us two hours of your time and you'll leave smiling.
