

134,000 reasons.

There are lots of great reasons to be in the Coachella Valley Enterprise Zone: the Palm Springs Desert Resorts lifestyle, central location, access to major markets, affordable real estate and reliable labor.

But one business owner found a few more of his own. 134,000 to be exact - and it's all in dollars! That's how much money he saved on State Income Tax last year just by using the Coachella Valley Enterprise Zone Hiring Credits.

Give us a call and we'll show you even more reasons why locating your business in the Coachella Valley Enterprise Zone really is the smart move.

"I saved \$134,000 last year with Enterprise Zone Hiring Credits and reinvested it in our new 50,000 sq. ft. facility."
